

PHILHEALTH CIRCULARNo. 2025-0020

TO : ALL ACCREDITED HEALTHCARE PROVIDERS, PHILHEALTH REGIONAL OFFICES, LOCAL HEALTH INSURANCE OFFICES, AND ALL OTHERS CONCERNED

SUBJECT : Implementing Guidelines for the PhilHealth Outpatient Emergency Care Benefit (OECB Package): Facility-based Emergency (Revision 1)

I. RATIONALE

The Implementing Rules and Regulations of Republic Act No. 11223 (Universal Health Care Act) mandates the Philippine Health Insurance Corporation (PhilHealth) to implement a comprehensive outpatient benefit, including an outpatient drug benefit and emergency medical services.

PhilHealth — through its All Case Rate (ACR) benefit package (*PhilHealth Circular No. 0035 s. 2013: ACR Policy No. 2 --- Implementing Guidelines on Medical and Procedure Case Rates*) — currently reimburses healthcare management done at the Emergency Department (ED) as part of the service coverage for the hospital course of an admitted patient. Although the ACR likewise covers for some conditions *such as surgical emergencies* which require management at the ED but do not warrant confinement, this coverage is primarily for surgical procedures. There is a substantial need to support the delivery of acute care for cases not requiring admission or outpatient services provided in emergency settings.

As such, through PhilHealth Board Resolution (PBR) No. 2968, s. 2024, PhilHealth created the Outpatient Emergency Care Benefit (OECB) Package: *Facility-based Emergency*.

II. OBJECTIVES

This PhilHealth Circular shall constitute part of the OECB Package as the Facility-based Emergency Benefit which aims to establish coverage for emergency outpatient services not covered by the ACR and other existing benefit packages. This policy is part of the quantum of benefits that constitute comprehensive outpatient care coverage in support of achieving Universal Health Care.

III. SCOPE

This PhilHealth Circular covers all outpatient services and commodities — provided in PhilHealth-accredited healthcare facilities — rendered at the Emergency Department (ED) and its extension facilities. It shall not include:

- A. Emergency services provided *within an accredited hospital but outside the ED or its extension facilities*;
- B. Emergency services and commodities included in existing packages;
- C. Prehospital emergency services provided at home; and
- D. Emergency services provided to patients who are *eventually admitted* into a health facility *and were successfully transferred to a hospital accommodation*.

IV. DEFINITION OF TERMS

- A. **Acute** – conditions that have a sudden, severe onset and short duration, necessitating a patient to perceive the condition needing immediate care. The condition may also be an objective assessment of a healthcare provider with similar characteristics i.e. accidents, loss of consciousness).
- B. **Acute Care** - short term care delivered to treat acute illness or injury as an initial management. This may be a temporary measure or may resolve the acute condition.
- C. **All Case Rate (ACR)¹** - fixed rate or amount that PhilHealth will reimburse for a specific illness/ case, which shall cover for the fees of health care professionals, and all facility charges including, but not limited to, room and board, diagnostics and laboratories, drugs, medicines and supplies, operating room fees and other fees and charges.
- D. **Charging Unit** – the basis upon which health services or commodities are priced and reimbursed.
- E. **Core Presentation** - a symptom, as described by a patient, or physical signs assessed by a physician upon arrival of the patient to the emergency department which will guide the use of diagnostics, equipment, procedures and treatment. The list of core presentations which shall *classify the conditions* covered by the package is specified in Annex A (List of Core Presentations Covered by the Benefit Package) .
- F. **Downward Referral** - referral from a higher level institution to a lower level institution, including referral back to a primary care provider.

¹PhilHealth Circular No. 31 s. 2013: All Case Rates (ACR) Policy No. 1 --- Governing Policies in the Shift of Provider Payment Mechanism from Fee- For-Service to Case-Based Payment

G. Efficiency Gains² - the increase in profit following a reduction in cost whereby health facilities generate surplus revenues which they can use for continuous quality improvements, such as upgrading facilities, procurement of additional supplies or equipment, or augmenting health human resources with the goal of ensuring client satisfaction. Thus, the surplus generated by HFs through efficiency gains shall not be interpreted as overpayments.

H. Emergency³ – a condition or state of a patient wherein based on the objective findings of a prudent medical office on duty for the day there is immediate danger and where delay in initial support and treatment may cause loss of life or cause permanent disability to the patient or in the case of a pregnant woman, permanent injury or loss of her unborn child or would result in a non-institutional delivery (R.A. No. 11223).

I. Emergency Care – addresses medical conditions requiring immediate attention to prevent death, serious harm, or deterioration. This includes emergent and urgent care.

J. Emergent Care⁴ – the response to a situation where there is urgently required medical care and attention which are life threatening or with potential for permanent disability, and shall include procedures required for initial diagnosis, use of equipment and supplies in sufficiently addressing the emergency situation, considering the welfare of the patient. It also includes the necessary medical procedures and treatment administered to a woman in active labor to ensure safe delivery of the newborn.

K. Emergency Department (ED)⁵ – a hospital department or an extension facility that provides initial treatment for patients with a broad spectrum of illness and injuries, some of which may be life-threatening and requires immediate attention.

L. Essential Emergency Care List (EECL) – a listing of essential diagnostic and laboratory services, medicines, supplies in an emergency facility necessary to treat emergent/urgent conditions with their corresponding fixed fee (Annex B).

M. Facility-based Emergency (FBE) Services – emergency care provided in the Emergency Department and extensions.

²PhilHealth Circular No. 2024-0004: Implementation of an All Case Rates-Based Global Budget in Health Care Provider Network (HCPN) Demonstration Sites

³Republic Act No. 11223: An Act Instituting Universal Health Care for All Filipinos, Prescribing Reforms in the Health Care System, and Appropriating Funds Therefor

⁴Republic Act No. 10932: An Act Strengthening the Anti-Hospital Deposit Law by Increasing the Penalties for the Refusal of Hospitals and Medical Clinics to Administer Appropriate Initial Medical Treatment and Support in Emergency or Serious Cases, Amending for the Purpose Batas Pambansa Bilang 702, Otherwise Known as "An Act Prohibiting the Demand of Deposits or Advance Payments for the Confinement or Treatment of Patients in Hospitals and Medical Clinics in Certain Cases", As Amended by Republic Act No. 8344, and for Other Purposes

⁵Manual of Standards and Guidelines on the Management of the Hospital Emergency Department

- N. Fixed Fee Schedule** – a set of standard rates per diagnostics, medications, equipment, supplies and services provided which shall be the basis for the cost of the benefit package.
- O. Prehospital Emergency (PHE) Services** – emergency medical care provided to patients prior to arrival or during transport to a hospital. This can include ambulance services, on-site basic and advanced life support, among others.
- P. Medical Emergency** – the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in: placing the patient's health in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part (WHO).
- Q. Surgical Emergency** – medical emergency for which immediate surgical intervention, which may include but not limited to suturing a wound, removal of a foreign object or bodily tissue, repair of an organ, is the only way to solve the case successfully.
- R. Triage Scale** – a classification system which is used to set priority to incoming patients to an Emergency Department with 5 levels of urgency, from critical (Level 1) to non-urgent (Level 5), which uses the Emergency Severity Index (ESI), Australasian Triage Scale (ATS), and Canadian Triage and Acuity Scale (CTAS).
- S. Urgent Care** – care delivered to patients who should be seen as early as possible but are not in immediate risk to life or permanent disability.

V. POLICY STATEMENTS

A. Benefit Eligibility

1. All PhilHealth beneficiaries shall be entitled to access the (Facility-Based Emergency) *FBE benefit* in *PhilHealth-accredited hospitals*.
 - a. All Filipino Citizens shall be eligible to avail of the package, with immediate eligibility in accordance with PC No. 2022-0013⁶, provided they are duly registered to PhilHealth.
 - b. Filipino Citizens who are not registered to PhilHealth can be registered at the point-of-service *through the eGov App and PhilHealth Member Portal*. A *PhilHealth Identification Number (PIN)* will be issued upon successful registration.
 - c. *For patients who are unable to have a generated PIN through online means, the PhilHealth registration process are as follows:*

⁶PhilHealth Circular No. 2022-0013: Granting of Immediate Eligibility to Filipino Citizens

- c.1. The patient shall have to fill out and submit the PhilHealth Membership Registration Form (PMRF) and submit it through the *PhilHealth-accredited hospital* who provided the service.
- c.2. The *PhilHealth-accredited hospital* shall verify their citizenship status prior to submitting the PMRF to PhilHealth together with the claim.
- c.3. Citizenship shall be verified by the *PhilHealth-accredited hospital* after managing the emergency case, using at least one (1) Philippine government issued ID indicating their citizenship status.
- c.4. PhilHealth shall validate the citizenship status and facilitate the registration of the beneficiary after the beneficiary has been discharged.
- c.5. Regardless of the results of the citizenship status validation, PhilHealth shall pay for all FBE covered health services and commodities provided by the accredited health facility, given that registration was done in good faith.
- d. Foreign Nationals shall be eligible to avail of the benefit, provided that they are:
 - d.1. Registered to PhilHealth ; and
 - d.2. Compliant with the required qualifying contributions as provided in existing pertinent policies.
- 2. The package may also be availed by Filipinos working abroad subject to existing benefit availment rules, provided that payment shall follow *the benefit availment requirements* prescribed in this policy and its succeeding revisions.

B. Benefit Design and Provider Payment

- 1. The FBE benefit shall cover health services and commodities provided in emergency settings to PhilHealth beneficiaries in managing acute signs and symptoms *requiring emergent care*, provided that:
 - a. The services and/or commodities have been identified by PhilHealth for coverage as indicated in the *Essential Emergency Care List (EECL)* and Fixed Fee Schedule (Annex B);
 - b. The service or commodity was provided in the ED or its extension facility;
 - c. The beneficiary was discharged within 24 hours after entering the ED or its extension facility, or has expired while in the ED prior admission; and

- d. The case does not include services with an existing surgical and/or medical case rate or package rate that the health facility can file as a claim.
2. FBE benefit coverage shall include all essential health services and commodities provided in the ED and its extension facilities identified by PhilHealth for coverage. This includes associated fees in the ED and its extension facilities, diagnostic and imaging services, laboratory work-up, including routine and blood chemistry, and therapeutics, including drugs and medicines.
 3. FBE benefits shall be paid through a *Fixed Fee Schedule as determined in Annex B. Any amount declared in the Statement of Account (SOA) that is below or above the published fixed fee rates shall not be interpreted as over or underpayment.*
 4. The fixed fees shall not be subject to the professional fee sharing arrangements applied to the ACR and other similar benefit packages.
 5. Payments for ED consultations and downward referrals in public PhilHealth accredited hospitals shall be included in the payment pool for healthcare workers.
 6. Payments for ED consultations and downward referrals in private PhilHealth accredited hospitals shall be paid by the health facility to the PhilHealth-accredited physician.
 7. PhilHealth does not prohibit health facilities from creating incentive schemes and/or profit sharing arrangements with their healthcare workers, provided that it was created in accordance with applicable laws.
 8. PhilHealth shall endeavor to transition to direct payments to healthcare workers for any consultation fees, incentives, or service payments it pays for, provided that these conditions are set in compliance with applicable laws.
 9. Costs associated with overhead expense, charged often as separate fees, including but not limited to Emergency Room (ER) fees, special compounding fees, reader's fees, utility fees, among others, have been bundled in the fixed fee through a cost-plus charge. As such, PhilHealth accredited hospitals shall not charge patients these costs separately from the fixed fee.
 10. Similarly, supplies needed to provide the health services in the ED have been bundled in the fixed fee through a cost plus charge, as such, these shall not be charged separately from the fixed fee.
 11. All other services and commodities provided in emergency settings that are not included in the Fixed Fee Schedule (Annex B) shall not be covered by the rules provided in this policy and shall be subject to

Out-Of-Pocket (OOP) payment or supplementation. This can include outpatient consultations with specialists *other than the ED attending physician*, among others.

C. Accreditation

1. All PhilHealth-accredited levels 1, 2, and 3, public and private hospitals, including their extension facilities, are *automatically able to avail of the FBE benefit*, provided that:
 - a. The health facility is licensed by DOH;
 - b. The health facility is PhilHealth accredited; and
 - c. The health facility concurs to apply the Fixed Fee schedule, in compliance with PhilHealth rules.
2. *Hospitals which have ED extension facilities capable of providing services covered by FBE, a certification stating the name of affiliated extension facility and its complete address must be submitted to their respective PhilHealth Regional Offices (PROs), for updating.*
3. *All hospitals with the intent to be PhilHealth accredited shall refer to the PC No. 2023-0012 for accreditation rules and regulation and its subsequent revisions or amendments.*

D. Benefit Availment

1. The benefit package shall be filed using the electronic claims (eClaims) system and the electronic Statement of Account (eSOA) in compliance with PC No. 2023-0026⁷. In the absence of the eSOA, hospitals shall have to submit an encoded copy of their SOA together with the claim.
2. *Documentary requirements for claims submission shall include the following:*
 - a. *Scanned claim signature form (CSF);*
 - b. *Electronic Claim Form 4 (CF4);*
 - c. *Itemized eSOA;*
 - d. *Scanned results of diagnostics, laboratories, imaging as appropriate; and*
 - e. *Additional requirements for claiming incentive: Downward Referral Form (Annex C)*
3. All claims shall have a hospital SOA as an attachment for validation and monitoring of compliance to the fixed-fee-schedule.
4. Claims shall be filed by the *PhilHealth-accredited hospital* using the package code, *OPER1*.

⁷Electronic Data Submission of the Statement of Account (SOA) for All Case Rates (ACR) Claims and Identified PhilHealth Benefits (Revision 1)

5. *No package code shall be allowed to be reimbursed as a second case rate for FBE claims.*
6. All services utilized shall be selected and encoded, whenever applicable, using the electronic claim form (CF4). The quantity used for selected services, shall also be indicated.
7. *PhilHealth-accredited hospitals* shall ensure that all utilized ED services, in and outside of the EECL, are encoded in the SOA.
8. Charges for services and commodities in the EECL shall be encoded in accordance with the identified fixed fees.
9. The FBE benefit will be paid relative to the actual services provided as declared in the SOA, regardless of the outcome, given that the services and/or commodities were provided in good faith, in the interest of patient welfare and efficient use of health resources.
10. The FBE benefit replaces the resuscitation package in *PhilHealth accredited hospitals, subject to the availment rules of this PhilHealth Circular*, in which:
 - a. *PhilHealth accredited hospitals* shall file for cases involving resuscitation using the FBE benefit instead of the resuscitation package and shall be paid in accordance with the Fixed Fee schedule;
 - b. Other PhilHealth accredited health facilities shall be limited to claiming for the resuscitation package, where applicable; and
 - c. Double filing for the FBE benefit and the resuscitation package shall be prohibited.
11. *Accredited health facilities shall follow all relevant laws, such as RA No. 9994 or the Expanded Senior Citizens Act of 2010 and R.A. No. 10754 or An Act Expanding the Benefits and Privileges of Persons with Disability, including prospective laws providing mandatory discounts, guidelines of the Bureau of Internal Revenue (BIR), and the order of charging based on DOH-DSWD-PCSO-PHIC Joint Administrative Order No. 2020-0001 (Operational Guidelines for the Implementation of the Medical and Financial Assistance to Indigent and Financially-Incapacitated Patients Pursuant to Republic Act No. 11463 also known as "Malasakit Centers Act of 2019.")*.

E. Referral to Primary Care

1. *The ED of PhilHealth-accredited hospitals shall endeavor to refer patients triaged at level 5 to the outpatient department or their selected Yaman ng Kalusugan or YAKAP (primary care) clinic.*

2. *The attending ED physician shall be entitled to an incentive (Annex B, Item no. 6) for each successful referral of beneficiaries to a YAKAP clinic, whenever able, prior discharge.*
3. *A YAKAP referral shall be considered successful once the following conditions are met:*
 - a. *The patient is duly registered with a selected YAKAP provider;*
 - b. *The physician accomplished the OECB Downward Referral Form (Annex C); and*
 - c. *The physician provided the referral form to the patient and has instructed the patient to present the form to their YAKAP provider for follow-up.*
4. *If the beneficiary does not have a selected YAKAP provider, the hospital shall endeavor to facilitate the patient's assignment and selection of a YAKAP provider, prior to settling the patient's accounts. Patient assignment and selection of a YAKAP Provider shall be made available by PhilHealth using various digital modalities.*
5. *Non-urgent follow-up consultations after ED management shall be done at the selected YAKAP facility of the patient.*
6. *All EDs of accredited hospitals are enjoined to establish a dedicated YAKAP bulletin wherein patients may acquire information regarding service coverage, PhilHealth registration, assignment and selection of YAKAP providers, conduct of First Patient Encounter, and empanelment to their YAKAP provider.*

F. Quality Assurance

1. *The appropriate triage classification of a beneficiary shall be at the discretion of the PhilHealth accredited hospitals, provided that they comply with applicable DOH-created and/or DOH-approved clinical practice guidelines, when available.*
2. *All PhilHealth accredited hospitals are enjoined to maintain the capacity to provide all appropriate services and commodities included in the fixed fee schedule.*
 - a. *PhilHealth accredited hospitals shall ensure that beneficiaries do not incur out-of-pocket (OOP) expense due to stockouts or unavailability of the service.*
 - b. *OOP costs incurred by patients due to stockouts or unavailability of service shall be eligible for direct reimbursements from the PhilHealth accredited hospitals.*

3. PhilHealth, through its Healthcare Provider Performance Assessment System (HCP PAS), shall employ mechanisms to assure members of guaranteed financial protection and quality healthcare they deserve.
4. *PhilHealth accredited hospitals* shall be subject to existing monitoring policies of the Corporation.
5. PhilHealth shall also conduct periodic facility visits, document review, claims post audit, satisfaction and/or exit surveys, and others as may be identified by the Corporation.

G. Adjusting Package Inclusions and Fixed Fees

1. PhilHealth shall periodically review the list of services and commodities included in the FBE benefit. PhilHealth shall establish a formal facility to which inputs for service and commodity inclusions shall be secured from relevant stakeholders.
2. Subsequent changes to the fixed fees and service and commodity inclusions without affecting the policy provisions outlined in the body of this PhilHealth Circular shall be published *as a separate PhilHealth Circular updating the EECL*. All versions of the Fixed Fee schedule shall be published online for reference, with the latest published schedule taking precedence in accordance with the period of admission of the beneficiary. Further, any adjustments to the fixed fee schedule shall be automatically applied in eClaims and in the eSOA once applicable.
3. Fixed fees and service and commodity inclusions can be adjusted following:
 - a. Relevant issuances from DOH on price regulation for health provider commodities and services;
 - b. Inputs from relevant stakeholders, including medical societies, accredited providers, and patient preferences; and
 - c. Price changes due to market dynamics, technological advancements, general economic inflation, and exogenous shocks, including global supply chain disruptions, among others.

H. Monitoring and Evaluation

1. This policy shall be reviewed annually thereafter, unless modified, amended, repealed, or revoked.
2. PhilHealth shall periodically monitor benefit utilization and its effect on out-of-pocket expenditure to assess its contribution towards achieving universal coverage.

I. Marketing and Promotion

PhilHealth, through its Corporate Affairs Group and PhilHealth Regional Offices and its implementing units, shall employ mechanisms or a social marketing campaign to ensure that members, beneficiaries, and health care providers are aware of the new benefit package, and ensure hassle-free availment of beneficiaries.

J. List of Annexes

The following annexes shall be accessible on the PhilHealth website at www.philhealth.gov.ph

Annex A: List of Core Presentation Covered by the Benefit Package
Annex B: Essential Emergency Care List (EECL) and Fixed Fee Schedule
Annex C: Downward Referral Form
Annex D: EECL Summary Form

VI. PENALTY CLAUSE

Any violation of this PhilHealth Circular, terms and conditions of the Performance Commitment, and all related PhilHealth Circulars shall be penalized in accordance with the pertinent provisions of Republic Act No. 7875, as amended by Republic Act Nos. 9241 and 10606 (National Health Insurance Act of 2013) and Republic Act No. 11223 (Universal Health Care Act), and their respective Implementing Rules and Regulations.

VII. TRANSITORY CLAUSE

A. The OECB package shall be progressively expanded and shall be implemented in phases.

B. *In anticipation of enhancements to the PhilHealth eClaims system for eSOA integration of the EECL, interim measures shall be implemented for OECB-FBE claims, in which:*

1. *The PhilHealth accredited hospitals shall utilize the EECL Summary Form (Annex D) when filing a claim to be submitted through eClaims as an attachment.*
 - a. *The EECL Summary Form (Annex D) shall list all services provided to the patient that are covered under the OECB-FBE and shall also include the core presentation/s included in Annex A which represents the closest equivalent of the chief complaint of the patient, and the triage category as assessed by the health facility.*
 - b. *The health facilities are requested to coordinate with their respective IT System Service Providers or In-house IT Developer or PhilHealth Regional Office to acquire an editable copy of the EECL Summary Form for the purpose of FBE claims submission.*

- c. *The EECL Summary Form shall only serve as a guide and the final PhilHealth reimbursement shall be set through claims adjudication.*
2. All filed claims shall include in the Chief Complaint field of Claim Form 4 the corresponding Core Presentation aside from the declared chief complaint of the patient for standardization of claims. (Example: Cough [Difficulty of Breathing], Chest heaviness [Chest pain]). All filed claims shall include in the History of Present Illness field of Claim Form 4, the Triage Level of the patient;
- C. Once enhancements have been accomplished, PhilHealth shall notify all PhilHealth-accredited providers on the eSOA activation *and integration of the EECL*, through a PhilHealth Advisory.
- D. *The provisions of the Prehospital Emergency benefit shall be issued through a separate PhilHealth Circular.*

VIII. SEPARABILITY CLAUSE

In the event that any part or provisions of this policy be deemed invalid, illegal or unenforceable, other provisions not affected thereby shall remain in full force and effect.

IX. REPEALING CLAUSE

This PhilHealth Circular repeals the provisions of PC No. 2024-0033 entitled "Implementing Guidelines for the PhilHealth Outpatient Emergency Care Benefit (OECB Package)" that limits reimbursement for hospital charges lower than the fixed fee. Additionally, all other previous issuances containing provisions that are inconsistent with this PhilHealth Circular are hereby amended, modified, or repealed accordingly.

X. DATE OF EFFECTIVITY

This PhilHealth Circular shall take effect fifteen (15) days upon publication in the Official Gazette or any newspaper of general circulation. Three (3) certified copies shall be filed with the Office of the National Administrative Register (ONAR) of the University of the Philippines Law Center.

EDWIN M. MERCADO, MD, MHA, MSSc
Acting President and Chief Executive Officer

Date signed: 10/23/2025

Implementing Guidelines for the PhilHealth Outpatient Emergency Care Benefit (OECB Package): Facility-based Emergency (Revision 1)

Annex A: List of Core Presentations Covered by the Benefit Package

The list of core presentations covered by the benefit package which are categorized as potentially emergent to critical by triage level. These *triage categorization* are only recommendations and are subject to change upon assessment of the attending physician at point of care.

1. Change in vision
2. Change in hearing
3. Generalized Weakness/Lethargy
4. Dizziness
5. Palpitation
6. Persistent Vomiting
7. Diarrhea
8. Foreign body
9. Difficulty swallowing
10. Fever/Chills
11. Burn
12. Rash
13. Mental Health
14. Non Traumatic Bleed
15. Change in sensorium
16. Change in gait
17. Elevated BP
18. Seizure
19. Severe Headache
20. Chest Pain
21. Difficulty of breathing
22. Ingestion/Substance abuse
23. Abdominal Pain/Enlargement
24. Severe Pain (others)
25. Incessant crying/inconsolable child
26. Obstetrics and Gynecologic conditions
27. Sexual Assault

Annex B: Essential Emergency Care List (EECL) and Fixed Fee Schedule

Fixed Fee Schedule

Item no.	Price Category	Price Item	Fixed Fee	Charging Unit
